

## Simple

God, the One who loves us, did not make some complicated, twisting road to get us to Heaven. The world's religions teach there are many, often strange, ways to attain approval from their gods. They must do lots of the items on a list to earn a life in the hereafter.

But the Bible, our true source of information, says we can be sure of our destiny. And it is a simple thing.

John 6:47 says, "He who believes in Me has everlasting life." We can all understand it. We can be grateful for this, that no one is excluded because of income, race, gender, or anything else.

Jesus Christ died and rose again to pay for our sins. Our responsibility is to trust Him, to believe and accept His payment for sin.

Song writers have put it well, such as, "Jesus Paid it All" and "Only Trust Him."
